

Too Many Broken Hearts

Jason Donovan

Couplet (1)

Last night you talked about leaving
I said I can't let you go
It's not just emotional feeling
I need you body and soul

Voorrefrein (1)

You give me one good reason to leave me
I'll give you ten good reasons to stay
You're the only one I believe in
I'd be hurt, I'd be hurt, if you walk away

Refrein

(Sopraan 2e stem)

Too many broken hearts in the world
There's too many dreams can be broken in two
Too many broken hearts in the world
(1stemmig: **So I won't**) give up the fight for you

Couplet (2)

The world is full of lonely people
Who never held onto love
Last night I tried to reach you
But somehow it wasn't enough

Voorrefrein (2)

So I said, can't you wait a bit longer
I'll give you all that a lover should give
It ain't my pride but my love that is stronger
I'd be hurt; I'd be hurt, if you walk away
